Colour Range:

PSP Aluminum Trims

Colours shown in this brochure are subject to limitation of commercial printing and may not necessarily represent the actual colour. It is highly recommended that an actual colour sample be requested before purchasing. Colour and gloss variations within the company's acceptable tolerances could occur between different production batches and shall be treated as acceptable. All visual inspection of panels sheets must be carried out from a two metre distance of the panel or panels sheets being placed vertically on or against a wall.

NOTE: Uncontrolled in printed format.
