Suntuf SunGlaze

PSP MATERIALS PRODUCTS SOLUTIONS

Suntuf SunGlaze is an advanced Standing Seam Polycarbonate Glazing System, where the panels join together by a simple set of anodised aluminium profiles.

It is an innovative, lightweight, durable, flat and provides an elegant appearance. It is easy to install for the home handyman or builder. The systen can be on rafters or purlins, making it suitable for a range of residential applications. Suntuf SunGlaze also has a 25 year warranty against loss of light transmission and a 15 year warranty on hail and system.
